

World-Class Orthopaedic Research
Experience in Davos, Switzerland

ARI - APOA RESEARCH FELLOWSHIP 2027

6 - 17
SEPT
2027

AO Research Institute (ARI)
Davos, Switzerland

Fellowship Objective

Strengthening scientific exchange and collaboration between AO Foundation (AO), AO Research Institute Davos (ARI), & APOA.

Designed for early-career surgeons & clinician-scientists, the program offers direct exposure to cutting-edge preclinical musculoskeletal research.

Fellowship Experience

- Experience world-class orthopaedic R&D at ARI
- Learn cutting-edge translational research methodologies
- Refine and strengthen your research proposals
- Receive expert mentorship & feedback
- Build a global network of AO and APOA peers

Required Documents

- Curriculum Vitae (CV)
- Medical School Diploma
- Recommendation Letter (Head of Department)
- Personal Motivation Letter

Support Provided

- **ARI / AO:** Housing in Davos
- **APOA:** International travel, visa costs & daily living expenses (~CHF 1,500 for 2 weeks)

Eligibility

- Qualified surgeons/trainees (under 45 years)
- Specializing in trauma, orthopaedics, or spine
- Proficient in English
- Members of APOA and AO

APOA : Eligible candidates must have earned a minimum of **two (2) badges** through the APOA Journal Club.
