

Educational Events 2024

AO Recon Europe and South Africa Course Calendar 2024

AO Recon provides accredited and high-quality educational activities to thousands of surgeons and health care professionals each year.

This is a summary of upcoming events in Europe and South Africa. Please note that the information in this document is subject to change. Check our website for the most actual event information.

Registration and details for all AO Recon events including webinars, congress, symposia, and any education activities not listed here can be found online at the course and event finder on our website.

Please click on a course title to be directed online to the course page website, or scan the QR code on the back page of this brochure.

| Principles Courses | | | |
|---------------------------|---------------------------------------|--|--|
| March 15–16 English | Sofia, Bulgaria | AO Recon Course—Principles of Total Hip and Knee Arthroplasty | |
| April 15–16 English | Munich, Germany | AO Recon Course—Principles of Total Hip and Knee Arthroplasty | |
| April 18 English | Online, 18:00-19:00 CEST (UTC +02:00) | AO Recon Webinar—What do International Registries tell us about Knee Replacement Outcomes? | |
| May 9–10 English | Bucharest, Romania | AO Recon Course—Principles of Total Hip and Knee Arthroplasty | |
| June 4 English | Online, 17:00-18:00 CEST (UTC +02:00) | AO Recon Webinar—What do International Registries tell us about Hip Replacement Outcomes? | |
| September 27–28 English | Athens, Greece | AO Recon Course—Principles of Total Hip and Knee Arthroplasty | |
| October 5–6 English | East London, South Africa | AO Recon Course—Principles of Total Hip and Knee Arthroplasty | |
| October 22–23 English | Belgrade, Serbia | AO Recon Course—Principles of Total Hip and Knee Arthroplasty | |
| October 25–26 English | London, United Kingdom | AO Recon Course—Principles of Total Hip and Knee Arthroplasty | |
| November 14–15 English | Vilnius, Lithuania | AO Recon Course—Principles of Total Hip and Knee Arthroplasty | |

| Advanced Courses | | | |
|-------------------|--------------------------------------|---|--|
| May 2–3 English | Cologne, Germany | AO Recon Course—Fracture Arthroplasty of the Shoulder (With Human Anatomical Specimens) | |
| May 22 English | Online, 20:00-21:00 CET (UTC +01:00) | AO Recon Webinar—Reverse Fracture Arthroplasty of the Proximal Humerus: Instability and the Rationale for Reconstruction of the Torus | |

The AO Foundation and DePuy Synthes partnership

For more than 60 years, the AO Foundation has partnered with DePuy Synthes (part of the Johnson & Johnson Family of Companies) to transform surgery and save lives. This collaboration between the two independent organizations is rooted in mutual respect and a shared mission to innovate in surgical education and improve patient outcomes. It is a central part of who we are, as AO.

A cooperation agreement governs the partnership and defines the framework for the areas of collaboration. The AO benefits from DPS support for its hands-on training under an exclusive agreement, and it is in partnership with DPS that AO innovations in patient care are developed for application in a clinical setting. DPS is the key industry partner of the AO Technical Commission (AO TC) and its Global Expert Committees, Expert Groups, and Task Forces in the specialty areas of trauma, spine, craniomaxillofacial, and veterinary surgery.

An unrestricted grant provides DPS support for the AO's global educational offerings while enabling the AO to be fully independent in its selection of course content and faculty: These decisions are made exclusively and independently by the AO. The agreement confirms the independence of the AO and its surgeon volunteers. DPS supports the surgeon education programs for AO Trauma, AO Spine, AO CMF, AO VET, AO Recon, and AO Sports.

The AO and DPS both benefit from this longstanding partnership, which has evolved over the decades. We look forward to many more years of working together, and to seeing how our partnership will mature in the years to come.
