

AO Trauma Switzerland Annual Conference **Mountain Sports Trauma— New Trends, Tips and Tricks**

May 2–3, 2024

Chur, Switzerland

PROGRAM

Home to
trauma and
orthopedics

Mission

The AO's mission is promoting excellence in patient care and outcomes in trauma and musculoskeletal disorders.

The AO principles of fracture management

1

Fracture reduction and fixation to restore anatomical relationships.

2

Fracture fixation providing absolute or relative stability, as required by the "personality" of the fracture, the patient, and the injury.

3

Preservation of the blood supply to soft tissues and bone by gentle reduction techniques and careful handling.

4

Early and safe mobilization and rehabilitation of the injured part and the patient as a whole.

Dear AO Trauma Switzerland Annual Conference participant,

We kindly invite you to the annual conference of AO Trauma Switzerland taking place from May 2-3, 2024 in Chur, Graubünden. The administrative meeting will take place later in the afternoon on May 2nd, followed by a joint dinner for all AO Trauma Switzerland members and annual meeting participants.

The canton of Graubünden is recognized for its diverse recreational opportunities, drawing sports enthusiasts of all ages throughout the year. We live and work in a canton where visitors seek to challenge their limits, leading to occasional accidents. The Graubünden Cantonal Hospital serves as a central medical facility in the region. Accordingly, we treat many patients with mountain sports trauma. This is why we chose "Mountain sports trauma: new trends, tips, and tricks" as the topic of this conference.

We have selected these topics so that the most common bone injuries related to mountain sports are covered. Special attention will also be paid to mis healed fractures and their revision options which will be discussed at the end of each module.

Participants in residency program will receive a 50% discount on the participation fee this year (please contact the organizer directly).

We look forward to your participation and fruitful discussions.

Christoph Sommer

Kantonsspital Graubünden, Chur

Yves Acklin

Kantonsspital Graubünden, Chur

Michele Arigoni

President AO Trauma Switzerland

Chairpersons

Christoph Sommer
Kantonsspital Graubünden,

Faculty

Frank Beeres	Luzerner Kantonsspital	Luzern
Samy Bouaicha	Universitätsklinik Balgrist	Zürich
Samuel Haupt	Spital Oberengadin	Samedan
Markus Knupp	Mein Fusszentrum	Basel
Anna Leucht	Kantonsspital Winterthur	Winterthur
Christian Michelitsch	Kantonsspital Graubünden	Chur
Jochen Müller	Ente Ospedaliero Cantonale	Lugano
Daniel Petek	Hôpital Fribourgeois	Fribourg
Christian Spross	Stadtspital Zürich	Zürich
Jon Spycher	Spitäler fmi AG	Spital Interlaken
Philipp Stillhard	Kantonsspital Graubünden	Chur

Thursday

May 02, 2024

Location: Hotel Stern Chur

18:30-19:30

ADMINISTRATIVE MEETING

Annual Meeting (MEMBERS ONLY)

19:45

Group dinner at Restaurant KostBar

(For members and participants of
the conference)

Friday

May 03, 2024

Location: Grossratsgebäude Kanton Graubünden

08:30–09:00 Registration

Shoulder Girdle

09:00–09:20 Clavícula fractures—new trends / tips and tricks C. Spross

09:20–09:40 AC-joint dislocation—new trends / tips and tricks S. Haupt

09:40–10:00 Scapula fractures—new trends / tips and tricks F. Beeres

10:00–10:20 Management of Mal-Unions S. Bouaicha

10:20–10:30 Discussion

10:30–11:00 Coffee Break

Tibia Head Fractures

11:00–11:20 How to address the posterolateral corner—new trends/tips and tricks P. Stillhard

11:20–11:40 How to treat posteromedial fracture-dislocations (Moore II, Schatzker IV)—new trends / tips and tricks J. Spycher

11:40–12:00 How to treat combined tibia head and shaft fractures—new trends / tips and tricks D. Petek

12:00–12:20 Management of Mal-Unions C. Sommer

12:20–12:30 Discussion

12:30–13:30 Lunch

Fractures around the ankle joint

13:30–13:50 Pilon fractures—new trends / tips and tricks C. Michelitsch

13:50–14:10 Malleolar fractures—new trends / tips and tricks J. Müller

14:10–14:30 Talus fractures—new trends / tips and tricks A. Leucht

Friday (cont.)

May 03, 2024

14:30-14:50	Management of Mal-Unions	M. Knupp
14:50-15:00	Discussion	
15:00-15:30	Coffee Break	

AO Trauma Switzerland Science Award / DACH Fellowship

15:30-15:40	Presentation of the three best papers	P. Stillhard
15:40-16:00	Report DACH Fellowship 2023	M. Kabelitz J. Zimmermann
16:00-16:30	Feedback and Goodbye

Reichsgasse 11
7000 Chur, Switzerland

Friday, May 3, 2024

Seminar

Grossratsgebäude Kanton Graubünden
Masanserstrasse 3
7000 Chur, Switzerland

General information

Event organization compliance

In certain countries where AO has no office but offers educational events, the AO cooperates with third party companies to conduct local organization and logistics, as well as to communicate with participants in the local language. In these cases, the AO has put rules and guidelines in place to ensure that this cooperation has no impact on the curricula, scientific program, or faculty selection.

AO funding sources

Unrestricted educational grants from different sources are collected and pooled together centrally by the AO.

All events are planned and scheduled by local and regional AO surgeon groups based on local needs assessments. We rely on industrial/commercial partners for in-kind support to run simulations/skills training if educationally needed.

Evaluation guidelines

All AO events apply the same evaluation process, which includes pre- and post-event online evaluation and on-site written questionnaires. These evaluation tools help ensure that AO continues to meet your training needs.

Disclosures and conflicts of interest

Disclosure information and potential conflicts of interest (COI) can be viewed at the event webpage https://bit.ly/3uraxfJ_Jahrestagung2024.

Intellectual property

Event materials, presentations, and case studies are the intellectual property of the event faculty. All rights are reserved. For more information, please see: www.aofoundation.org/legal.

Recording, photographing, or copying of lectures, practical exercises, case discussions, or any course materials is absolutely forbidden.

The AO Foundation reserves the right to film, photograph, and audio record during their events. Participants must understand that in this context they may appear in these recorded materials. The AO Foundation assumes participants agree that these recorded materials may be used for AO marketing and other purposes and made available to the public.

Security

There will be a security check at the entrance of the building. Wearing of a name tag is compulsory during lectures, workshops, and group discussions.

No insurance

The event organization does not take out insurance to cover any individual against accidents, theft, or other risks.

Use of mobile phone

Mobile phone use is not allowed in the lecture halls and in other rooms during educational activities. Please be considerate of others by turning off your mobile phone.

Principles of AO educational events

1. Academic independence

Development of all curricula, design of scientific event programs, and selection of faculty are the sole responsibilities of volunteer AO network surgeons.

All education is planned based on needs assessment data, designed and evaluated using concepts and evidence from the most current medical education research, and reflects the expertise of the AO Education Institute (www.aofoundation.org).

Industry participation is not allowed during the entire curriculum development and planning process to ensure academic independence and to keep content free from bias.

2. Compliance to accreditation and industry codes

All planning, organization, and execution of educational activities follow existing codes for accreditation of high-quality education:

- Accreditation Criteria of the Accreditation Council for Continuing Medical Education, US (www.accme.org)
- ACCME Standards for Commercial Support: Standards to Ensure Independence in CME Activities (www.accme.org)
- Criteria for Accreditation of Live Educational Events of the European Accreditation Council for Continuing Medical Education (www.uems.eu)

Events that receive direct or indirect unrestricted educational grants or in-kind support from industry also follow the ethical codes of the medical industry, such as:

- Medtech Europe Guidelines on Interactions with Healthcare Professionals (www.medtecheurope.org)
- AdvaMed Code of Ethics on Interactions with Health Care Professionals (www.advamed.org)
- Mecomed Guidelines on Interactions with Healthcare Professionals (www.mecomed.com)

3. Branding and advertising

No industry logos or advertising (apart from the AO Foundation and its clinical divisions) are permitted in the area where educational activities take place.

Sponsors providing financial or in-kind support are allowed to have a promotional booth or run activities outside the educational area with approval from the event chairperson.

4. Use of technologies and products in practical sessions

In case practical sessions are chosen as an educational method to educate skills, the technologies and products used have been approved or reviewed by the AO Technical Commission—a large independent group of volunteer surgeons developing and peer-reviewing new technology on behalf of the AO Foundation.

Any technology and/or products used in the practical sessions of this event have been found suitable to serve the defined educational purposes.

This does not imply any statement about its use and performance in actual clinical scenarios.

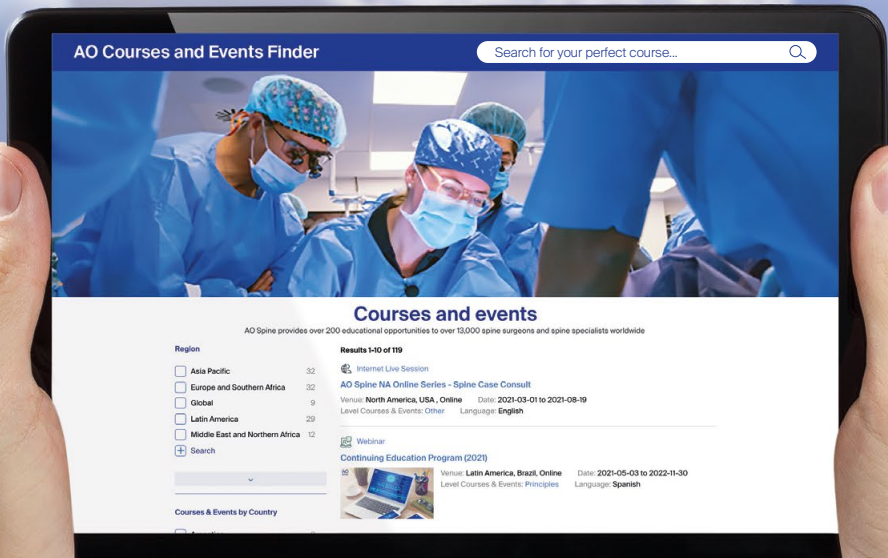

More information on the AO Technical Commission can be found on the AO's website: www.aofoundation.org/tc.

5. Personnel

Industry staff members are not permitted to interfere with the educational content or engage in educational activities during the event.

Find your next learning activity

Enhance your career, improve your knowledge, skills and network with the world's leading education provider to health care professionals working in the fields of trauma and musculoskeletal disorders.

Choose from over 800 events each year including face-to-face hands-on surgical skills courses, seminars, and case discussion workshop groups as well as online courses, webinars, panel discussions and more. Courses can be filtered by specialty, country, topic and level.

Create your own learning schedule and find your next learning activity with the AO course and event finder.
